| 01-001-00311(XX) | Ø18cm     |

## DE BUYER - AFFINITY RANGE

The Affinity range uses an innovative ultra conductive single-piece multi-layer material (5 layers) on side and bottom. For even heat distribution, the 3 central layers of the Affinity material are made of aluminium. It heats up quickly, thereby preserving vitamins, cooking evenly and providing a perfect heating circuit. This is essential for slow-cooked dishes and sauces. The cast stainless steel handles are firmly fastened with rivets. The products are solid and undeformable. Affinity products are suitable for any cook top, including induction.

### DE BUYER - NOSTALGY RANGE

Resolutely vintage-looking and hinting at childhood memories, the patinated finish of the range NOSTALGY confers it refinement and elegance. Its resistant stainless steel composition facilitates the use and the maintenance. The wide magnetic bottom spreads the heat in a quite even way on the whole bottom of the item, and makes cooking easy on all heat sources, induction included. The flared edges provide an easy pouring of all food and liquids.
